In reply to the Office Action dated February 12, 2007, and pursuant to 37 C.F.R. § 1.116, the following remarks are submitted:

Applicant is submitting concurrently with this Reply a Terminal Disclaimer of the terminal part of any patent granted in the present application which would extend beyond the expiration of U.S. Patent No. 6,896,680. Applicant submits that the obviousness-type double patenting rejection has been overcome.

As discussed below, Cauthen does not teach every limitation as claimed in independent claim 1. As
